Several advisory board members commented on the need for background checks on applicants for housing. It also was stated that the background check should not be limited to local law enforcement. Advisory Board members were advised that the Housing Authority's background check include statewide and FBI background checks. No change was needed to the Agency Plan as this item was already fully covered.

A resident asked of the Housing Authority did a background check on all family members. She was informed that the Housing Authority does background checks on all adult family members. No change was needed to the Agency Plan; PHA is unable to do background checks on minors.

This resident expressed concerns about sex offenders in public housing. She was advised that the requirements of the Quality Housing and Work Responsibility Act prohibit the housing of sex offenders and the Housing Authority refuses any sex offenders who have been convicted of child molestation.

An Advisory Board member asked if the needs of homeless people were addressed in the Agency Plan. She was advised that the needs of the homeless were addressed in the preference points section of the Housing Authority's Admissions and Continued Occupancy Policy. PHA felt that no change to the Agency Plan was needed in this regard.

Advisory Board member wanted to know at what point recommendations from individuals or the Advisory Board become formal. She was advised that the Housing Authority would consider any and all recommendations, whether formal (in writing) or stated at an Advisory Board meeting. However, that did not necessarily mean that a change would be made to the Agency Plan on the basis of that recommendation.

An advisory Board member asked whether or not the Housing Authority has any involvement in a Home Ownership Program. She was advised that our Housing Authority does not have a Home Ownership Program. She was also advised that the City of Carbondale was recently awarded a grant to assist low-income residents with Home Ownership and recommended that she contact the Carbondale Community Relations Officer. PHA elected to make no change to the Agency Plan to address Home Ownership.

Advisory Board member from Lake Heights in Carbondale stated that the resident organization is very active in working with the youth of the community and that residents of the community would like to have a basketball court installed. After consideration of this

request, the Housing Authority elected to include the installation of a basketball court in its Capital Fund section of its Agency Plan.

Advisory Board member from Desoto stated her concern that a parking area where water stands needs to be corrected. This Board member was advised that correction of this problem was funded in the 1999 Comprehensive Grant Program and that corrective work is expected to begin in the late spring or early summer of this year. No change was needed to the Agency Plan in this regard.

A Carbondale resident expressed concerns about the Carbondale Police Department and wanted to know if they were still doing Community Policing and also stated she was concerned that the Carbondale Police Department may have a key to apartments in the Lake Heights area. She was assured that the Police Department does not have a key. She was also informed that the new Police Chief had made some organizational changes within the department that may have affected Community Policing. It was recommended that she contact the Police Chief to express her concerns regarding Community Policing. PHA determined that no change was needed to the Agency Plan in this regard.

Advisory Board member asked whether it would be possible for the Housing Authority inspector to provide transportation to senior citizens to doctor appointments. She was advised that the inspector had a broad responsibility throughout the entire county and that would not be possible. She was advised that if grant funds became available, the Housing Authority would make application for funding to provide this service. PHA determined that no change was needed to the Agency Plan in this regard.

A resident asked if there would be future computer classes. She was informed that there would be classes offered in the future and was also advised that the Computer Room was available and any resident could come in and utilize it. PHA determined that no change was needed to the Agency Plan in this regard.

Advisory Board member requested expense allowances for clients actively involved in rehabilitation or work training programs. The PHA is unable to provide such an expense allowance and has determined that no change was needed to the Agency Plan in this regard.

Advisory Board member requested that the PHA provide grievance procedure notification in response to any oral or written request or complaint received. The PHA provides grievance procedure notification where required and does not feel that such notification is warranted for all requests and/or complaints. The PHA has determined that no change was needed to the Agency Plan based upon this request.

ATTACHMENT A TO AGENCY PLAN
OF THE
HOUSING AUTHORITY OF THE COUNTY OF JACKSON,
IL

DECONCENTRATION POLICY

As required by Section 513 of the quality Housing and work Responsibility Act (QHWRA), the Housing Authority's Admission Policy must be designed to provide for poverty and income mixing by bringing higher income tenants into lower income developments and lower income tenants into higher income developments. This policy is developed in accordance with QHWRA Section 513.

In order to comply with this regulation, the Housing Authority will take steps to analyze its public housing stock and tenant incomes. The Authority will compare the relative tenant incomes and occupancy characteristics of each development as they relate to the census tracts where the developments are located and make adjustments to deconcentrate those areas if necessary based on the following plan:

Rent Incentives:

In order to encourage higher income applicants into lower income areas and thereby help to achieve a deconcentration of poverty, the Authority has adopted and will continue to utilize ceiling rents. Ceiling rents have and will continue to encourage many working families to move into public housing. Ceiling rents also help to keep residents who obtain a job to remain in public housing instead of being forced to move out. The Housing Authority will also work with Senior Citizen agencies, rehabilitation agencies, and other social agencies to encourage lower income applicants to move into any developments that may be designated as high income developments.

Preferences:

Working families are given preferences over non-working families to encourage them to move into public housing. Since most of our developments consist of residents in the lower income category, this will allow the Authority to place more working families in our developments.

Other:

The Housing Authority will determine annually whether there exists a severe concentration of higher income or lower income families within a development as it relates to census tracts in which the developments are located. If severe concentration is found to exist, and there are available units in those developments, the following actions may be taken: the Housing Authority may choose to first offer the units at developments with the most severe concentration of higher/lower income families to qualified applicants whose incomes will help to balance the incomes of the development to achieve proper income mixing. If there is no concentration problem, the Authority will offer the available apartment to the next qualified applicant in accordance with the Admissions and Continued Occupancy Policy.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The Jackson County Housing Authority (JCHA) proposes to utilize an intensive and comprehensive multi-faceted program to eliminate illegal drug use and related crime in it's developments. The plan is a five point approach plan that involves the components Elimination, Prevention, Treatment, Intervention, and Administration. Elimination is addressed with an increased law presence, a contract with an Anti-Drug Task Force investigative unit for undercover services, and the employment of a Security Officer to assist in efforts to eliminate vandalism and other drug related crime. The program will address Prevention with recreational and educational programming such as drug fairs and computer lessons, and the continued provision of a Youth Activity Center (YAC). The YAC was funded under a previous JCHA PHDEP. The component of Intervention will be addressed by guest speakers, and the component of Treatment will provide treatment to those residents who need it. Additionally, the JCHA will employ a full-time Drug Elimination Program Coordinator to coordinate and plan the PHDEP under the Administration component. This is a 18 month program which will provide for an extended period of all services to the residents of JCHA developments.
